

## SPECIAL FOR JANUARY 18-29, 2010!

### Radiesse Filler ... Buy one syringe, get a second syringe free.

This special is a good and very unusual one due to OVERSTOCK in the office supply. If you have been considering a filler, Radiesse is designed to fill deeper grooves and volumize areas such as the cheeks. This special is only good for two weeks and while supplies and appointments last, so call ASAP to make your appointment.

Both syringes of filler must be used during a single appointment during the dates of January 18-29.
